Welcome

Dear Student,

Congratulations on taking your next step towards advancing your education and thank you for considering Anderson College where we are committed to the success of our students. Anderson College has been focusing on quality healthcare training since 1988.

For over 25 years Anderson has produced thousands of graduates who now work as professionals in their respective careers across Canada and Worldwide. We are recognised as leaders in career-focused education because of our teaching and career placement record.

Our curriculum is based on industry certification requirements determined by leading associations. Our training is aimed to make you an expert in your area of choice. We currently offer over 30 diploma and certificate programs in the ever-growing fields of Business, Healthcare and Technology.

At Anderson we are fully committed to your career training. You’ll learn from faculty who possess years of experience in their respective fields while practicing your skills through hands-on training in leading-edge facilities. We help you develop technical skills, as well as empower you with the soft skills that will lead to your career success.

You will also have opportunities to take part in the internship / practicum placement that will enable you to gain Canadian experience.

For those looking to improve their English language skills, we provide ESL (English as a Second Language) classes.

You are making an investment into your future by choosing career training. Make that investment count by choosing Anderson College and start training for a career that makes your dreams come true.

Your Training.
Your Career.
Your Future.

Miikael Ranniste

Resumes & Cover Letters:

We believe that your resume and cover letter should be a continual work in progress. This is why we do not wait until the last week or the last day of school to begin perfecting your resume and cover letter! We provide you with workshops, one-on-one counseling, and informative packages to help guide you throughout the first steps in finding your job. With new advanced technologies in resume scanning, we will help give you those key words to get your resume chosen for the next big step...the Interview!

Job Search:

Now that you have a great resume and a uniquely tailored cover letter, it’s time to get it noticed and selected for the Interview. The only way to get people to read it is by taking action; you have to get yourself out there! We will teach you simple, easy techniques on how to send your resume out, and how to follow up without frustrating the HR department. Just because a job is not posted doesn’t mean a company is not looking for someone just like you! We have some great secrets to success that we will share with you!

Interview Techniques:

You did it! You landed the interview! This is great! Now what? Well, we will take you each step of the way from what to wear to what to say; how to shake hands; how to be confident; and how to prove you are the BEST one for the job! Your success is our success, and this is why we want to prepare you to be the only candidate that company wants to hire.

As a student and graduate these services are provided for you indefinitely! There are no fees and no time limits to these services! Your goal is to get the job; our goal is to get you hired! With our support and your actions, success will surely follow!
Student Life

I just want to let you know that I got a job offer from Pharma Medica Research Inc. Yes! I made it. Thank you very much for all your help.

— Jae K.

Great place for those who want to build a career in the health sector. Excellent teachers and staff. They help in every way possible. Thank you...

— Zia S.

Attending Anderson College opened up my career. After cooking for almost a year, I decided to go back to school. I chose to enrol in the Pharmacy program because it was comprehensive. With no previous experience, the instructors were patient and teaching me every step of the way.

“I really enjoyed coming to Anderson College, the smaller class size and hands-on approach were very helpful. The lab ... was quite extensive and always well-stocked, organized and clean. My teachers were always available, supportive and full of helpful hints. In the past I have struggled with school, but due to the great teachers and lots of hands-on training, I was able to achieve all my goals. Thank You!”

— Amy B.

“Choosing Anderson College was the best decision I made since coming to Canada.”

— Seyed L.

“... it’s not only that I learned a lot but I also enjoyed studying here. Everyone is good to you and accommodating. And, best of all, they prepare you for the future. Thank you!!”

— Maria A.

“Attending Anderson College was the definitive prologue of my second career. After cooking for almost 18 years I needed a change. With careful evaluation I decided to visit the campus. I was very impressed with the facilities and the school was close to home. It seemed like a perfect fit so I chose to enroll. The program was exciting, fun and very comprehensive. With no previous experience, I passed my certification exams with ease. The instructors are unparalleled in their dedication, knowledge and teaching skill. They left no unanswered questions in preparation for my exams and were always there for me. I performed well at my placement and was offered employment before I finished. If you are deciding on post-secondary education, I cannot stress enough how wonderful my experience was and would strongly recommend Anderson College.”

— Colin E.
